

We are seeking experienced **field superintendents** with significant experience in one or more of our core markets: hospitality, restaurant, retail, and specialty healthcare facilities. This position will manage projects across the United States for our exclusive client list of hotel, restaurant, retail, and healthcare brands, and will be required to travel.

### GENERAL DUTIES & RESPONSIBILITIES

Our field superintendents are the foundation of Westwood's success in achieving its vision of being the most trusted source of quality construction services nationally. As the company's sole on-site presence for each project, our superintendents have primary responsibility for safety, quality control, scheduling, coordinating and overseeing all project activities from site layout through punch list completion. Supported by our project managers who handle contract administration and the rest of our administrative team, our superintendents oversee the timely completion of each project and ensure that quality and budget goals are achieved.

### KEY QUALIFICATIONS REQUIRED

Key skill requirements include solid English verbal and written communications, ability to lead and motivate a diverse team of subcontractors, advanced blue print reading skills, knowledge of job site safety practices and a working knowledge of technologies such as MS Word, Excel and PowerPoint. A functional knowledge of spoken construction related Spanish and experience with LEAN scheduling techniques are a plus. Being a motivated self-starter who approaches every assignment with a sense of urgency and finds ways to creatively achieve demanding budget and time constraints by directing the activities of others will be attributes of the successful candidate. An advanced knowledge of construction layout, work sequencing and look ahead scheduling are also critical.

Applicants should have a minimum of 7 years of experience in commercial construction in increasingly responsible roles with at least 3 at the superintendent level or above. An Associates or Bachelor's degree in a related field is a strong plus.

Westwood offers a collaborative people focused environment, competitive pay and benefits and stable employment for our team members.

### SUBMIT YOUR RESUME TODAY!

If this is you and you would like to join a dynamic and growing team of professionals building facilities for some of the most well-known brand names in America, please send your resume to:

Westwood Contractors, Inc.

**ATTN: Marena McCorbin, Human Resources Administrator**
